

USC Institute for Creative Technologies

The **2018 International Lung Sounds Association (ILSA) Conference** will be held in Los Angeles, California on October 5th–6th.

The MedVR Lab at the USC Institute for Creative Technologies (ICT) will host ILSA, a special advanced media center of the University of Southern California. ICT is located in the Marina district of Los Angeles and is conveniently close to LAX Airport. The ICT will host this 1½-day event and will provide several advanced technology demonstrations to ILSA. A full day is planned on October 5th with ½ day on October 6th. Venue and lodging information will be sent to those who RSVP.

One or two page concise papers are solicited covering all topics pertinent to sounds and the respiratory system, to include clinical findings, acoustic imaging, computational analysis of lung sounds and auscultation pedagogy. Papers are due by August 25th for those who wish to present their work. Kindly RSVP to talbot@ict.usc.edu if you plan to attend the conference.
